Highly Upgraded Half Duplex with Spectacular Views

The stunning property has undergone numerous recent renovations without any compromise. The home has been designed to take full advantage of the spectacular views from all sides. The upper level features the great room, kitchen and dining room with soaring vaulted ceilings and hardwood flooring throughout. Accented by a rundle rock fireplace, the space is ideal for entertaining and extends onto front and back decks. The main level includes a family room plus a generous master bedroom with a spa like ensuite and private deck. The lower level is ideal for guests with two large bedrooms, a full bath bathroom and private patio accessible from both bedrooms.

Recent upgrades include slate flooring, new carpet in the bedrooms, granite countertops, all new plumbing and lighting fixtures, window coverings, plus new paint throughout. The home is complete with a double attached garage and plenty of storage space. Highly desired location, close to Stewart Creek Golf course and numerous hiking trails.
